

Our Money

Our money and assets are gifts from God given to us to invest wisely as Jesus teaches us in the parable of the Talents. The Biblical standard is the tithe. Ten percent of all God has given is the given back in gratitude. Are you tithing? Are you on a plan to move to giving the tithe? Have you given special gifts or added the church to your will?

Our Work & Talents

Each of us have many spiritual gifts. The gift may be teaching, or handling money, playing music and the list goes on. When we use these gifts to God's purpose, we are being good stewards. How are you using them at work, home, in the community and at Church?

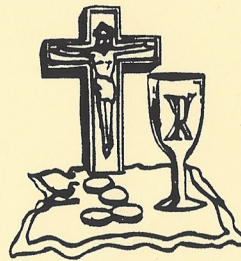

Our Earth & Environment

Everything in the universe is God's creation, we are just caretakers. Are you doing the right things for this creation? Are you tending and protecting it?

What is a Steward?

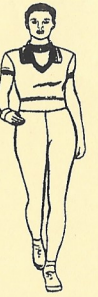

Stewards are managers or trustees who are held accountable for using the owner's resources in best interest of the one who gave them.

Stewardship

Using the gifts
that God gives to us
to do his work.

Our Selves & Bodies

God has given us our bodies and minds, but we are the ones that must take care of them. We need to look after both our physical and mental health. Keeping ourselves healthy while trusting in God. Addressing issues while trusting in God. Are you taking good care of yourself?

Our Time

God has given us a gift of a lifetime to use wisely. What do you use to set your priorities with your time? How do you balance the need to be with God through prayer versus doing God's work?

Our Relationships

Jesus tells us to love our neighbors as ourselves. To do this we need to be in relationship with others. Relationships only flourish when they are tended and nurtured.
